

# CityEast Mentor Program

*“Mentoring is a wonderful way to give back. It’s beneficial for both mentor and mentee. I still have contact with some of my mentees 5 years later.”*

Michelle, volunteer mentor

Volunteer mentors needed.

Are you a Skilled Professional?

Would you like to support Migrants & Refugees?

#### What is mentoring?

Mentoring provides a rewarding opportunity to share professional and personal skills and experience.

As a mentor you will support and empower skilled migrants and refugees in their search for work and help them develop a deeper understanding of the Australian workplace.

This small commitment could make a real difference to a new migrant’s transition into work in Australia.

For more information please email or phone the CityEast Mentor Co-ordinator:
